The 2017 Ghiaie della Furba opens to a bouquet of minty herbs, camphor and smoke before deepening further to display dusty red currant and spice box. This is velvety and fleshy in feel, with stimulating acidity that enlivens its spicy black fruit and building mineral tones. It tapers off with persistence, power and grippy tannin, the perfect mix for a long evolution. The Ghiaie della Furba is a blend of 50% Cabernet Sauvignon, 30% Syrah and 20% Merlot that refines in barrique, half new and half second pass. It's important to note that production was down by 40% in 2017 due to frost.
